

## ADDING A CARGOCHAIR™

CargoChair triangle

Piggyback triangle (military packs only)

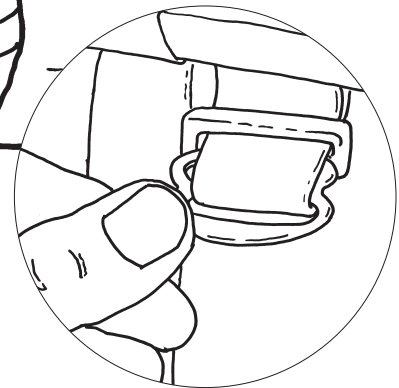

### Adjusting Strap Length

Lengthen or shorten the straps here to flip under as a seat, or cinch it up out of the way on the pack body.

### 1. Upper Attachments

Each side of your pack will have a pair of triangle loops. Thread the 3-bar through the ONE that is nearest the pack front (other triangle is for Piggyback attachments).

### 2. Lower Attachment

Your pack bottom has two common loop attachments. Thread the 3-bar through each.

### CargoChair™ as a Chair

Simply lengthen the straps fully at the Quick Eject buckle and flip the platform 180° so it extends under the pack back. Take a seat, adjust for comfort.

### CargoChair Storage

Just snug up the straps and the CargoChair will ride flush against the pack body, or remove it and store it in the large flat interior pocket.
